

# GOVERNMENT COLLEGE FOR WOMEN, PALI (REWARI)

ANNUAL REPORT SESSION 2024-25

It gives me immense pleasure to bring out College Annual Report for the session 2024-25. The college Annual Report is a very important document which acts as a repository of all the activities of an institute and showcases its achievements and capabilities. Along with this function as an evidence of what has been done and where we lack, the Annual Report, implicitly, is also about where the institute seeks to stand in the coming future. It is this combination of the present and the future which makes Annual report a vibrant document and an invaluable part of all academic lives.

Government College for Women, Pali, through situated in the rural hinterland and functioning with a small strength of nearly 300 students, has a lot more to it than mere numbers and location. The college is part and parcel of the rising aspirations of rural girls to achieve education as part of their efforts to rise beyond their humble beginnings. They might not have received school education in costly private schools and their parents may not be rich enough to send them to far- off universities, but their aims and determinations to rise in life are not humble. The students of this college participate enthusiastically in all the activities of the college as the Annual Report makes evident. The passion, the determination and the grit to go beyond the shackles of the poor beginnings and present obstacles makes these students fair example of what we can achieve in our lives through commitment and perseverance .

My congratulations to all the students, staff members and particularly editorial board of Annual Report (2024-25) for bringing out this valuable document and become part of the journey of this great institute.

Warm regards,  
Sincerely,

Dr. Karan Singh
